UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF WASHINGTON
AT SEATTLE
Honorable Richard A. Jones
District Judge

Dear Judge Jones,

I sitting here and have no idea what Rule 26 (f) is and even what all of this means or why I should be named a defendant.

I am going to repeat myself, I am in no way involved in any scheme or illegal activity regarding downloads of any sort.

My computer serves only to read the news headlines or check my email, I bought this used computer back in 2007 off Ebay for \$90 bucks and it is near the end of it's life.

If anybody was to attempt any such activity I'm sure this computer would choke and die!

I had a computer guy here to look at improving the performance to log on or read my mail and he said I would be wasting my money.

I hope this is not a waste of your valuable time!

Sincerely

Philip Buchanan
